The Apple Vs Samsung story :D

applefans

94 7 6

Chapter 1 by DJNOVA

I wish apple was white,
and Samsung was blue,
you can not crash the stock market,
but you can crash the clock market.

Chapter 2 by DJNOVA

Wonder is white,
Thinking is blue,
I wonder what Iphone 7 would do!!!!

Chapter 3 by KlausBaudelaire

Some make fun of the phrase, "think different."

Saying all Apple is is appearance.

But when it's made, I know, and so do you:

I'll be in the iPhone 7 queue.

Chapter 4 by MTV

Thinking of iPhone 7, I feel something's wrong.

I bought a nice new pair of headphones.
Oh god, what's that? Where should i plug it?
Never mind, airpods are cool, i must admit.

People saying Apple's stuff is always faster,
But don't forget the SMS glitch disaster.
You know, I'm not saying Apple is bad,
I'm not hating anything what i wouldn't reject.

Let's talk about Samsung and it's weird *ss issues,
Note 7 and how it burns then how it explodes.
Sounds fun when they said it's the safest product,
If I got the same from my seatbelt, then I'm f*cked

Not hating this one either, so what should I say?
I won't choose one of 'em 'cause it'd would be cliché
Might be a little strange, but think about Nokia,
Guys, who made phones what won't give hyperphobia.
